

# THE BLAIRMORE ENTERPRISE

VOL. XIV. NO. 2.

BLAIRMORE, ALBERTA, THURSDAY, JANUARY 11, 1923.

\$2.00 YEARLY

## MURDER AND SUICIDE AT BELLEVUE SHACK

As we go to press we learn of a double tragedy, which occurred near Bellevue. The police were attracted to a shack occupied by a man and son named Worth. Finding the windows blinded and

doors locked, and receiving no response to repeated alarm, the door was broken open. The bodies of the two men were found, laying dead, one from bullet wounds, the other from lacerations evidently self-inflicted.

We understand that Mrs. Worth and another son are residing in Ferrier district.

## NEW UNION BANK BUILDING

The new home of the Union Bank of Canada will be completed some time next week and it is expected the transfer will take place before the end of the present month. The new building is a handsome structure of two stories, very elaborately arranged and finished. The upstairs contains several living rooms, a room for the staff as well as modern bath and shower spray equipments.

## DEATH OF MRS. H. ALIE

The death occurred on Tuesday afternoon of another of Blairmore's pioneers in the person of Mrs. Henry Alie, at the ripe old age of 78 years. Mrs. Alie had been in failing health for several months past, and about a month ago suffered a severe stroke of paralysis. She somewhat recovered, but a relapse several days ago weakened her condition and the end came not unexpectedly.

Mrs. Alie was predeceased by her husband several years ago. The couple came to Blairmore in the very early days of the settlement and for a number of years Mr. Alie followed his trade here as a baker.

Mrs. Alie is survived by one son, Henry Raymond, with whom she has resided of late years.

Interment takes place tomorrow morning at 10 o'clock, following a short funeral service to be held at St. Anne's Catholic church.

## MINER KILLED AT HILLCREST

An accident occurred in one of the mines of the Hillcrest Collieries Co. at Hillcrest, on Tuesday afternoon, in which a young miner named Sydney Taylor lost his life.

Taylor had only worked in the camp for a few months and was on this occasion in the act of coming off shift, when he was hit by a trolley of cars. His body was frightfully mangled and death was instantaneous.

A coroner's inquest was conducted yesterday.

Interment takes place at Hillcrest this afternoon.

Taylor was quite a young man and single.

## DEATH OF MRS. BISSETT

The death of Mrs. Bissett, of Frank, occurred at Lethbridge general hospital on Monday morning last, following a brief illness. The remains were brought to Blairmore by Mrs. Bissett's local friends and were taken in charge by Undertaker Ferguson.

Interment took place in the Catholic cemetery yesterday afternoon.

## "DOC" BARBOUR SUS.

The many friends of "Doc" Barbour, valiant star of the Bellevue local team, and who was largely responsible for Bellevue's success last season, will regret to learn that in the league game at Taber on Friday night he sustained a serious fracture of the main bone of one of his legs, about midway between the knee and the ankle.

Doc had to be carried off the ice towards the finish of the second period of what was to have been a glorious victory for Bellevue. On examination by doctors it was found that the leg was broken and he was placed on the early morning train for Blairmore, where he entered hospital under care of Dr. Olivier. An X-ray picture disclosed a bad fracture, which will take months to heal and will doubtless end Doc's career as a key player.

Doc Barbour is doubtless one of the best of the old stock of hockey artists. For a number of years he figured prominently with the Cooks of Taber, better known as "The Chefs," provincial and Western Canada champions in amateur hockey. For the past three or four seasons Doc has been back-stay of the Bellevue hockey team, prior to which time he was captain and trainer for the Blairmore team.

Doc will be keenly missed, not only by the Bellevue team and fans, but by hockey fans and enthusiasts throughout Southern Alberta.

Despite the loss of Barbour, the boys of the Bellevue team feel confident that they are yet to be seriously reckoned with for the championship of the 1923-24 season of the Crows Hockey League.

As we go to press we learn that Doc is resting quite coolly at the hospital and hopes to pull around rapidly.

## ODDFELLOWS INSTALL OFFICERS

At the regular meeting of Blairmore Lodge, No. 68, on Tuesday evening last, the officers for the ensuing term were duly installed by Special Past Grand W. Bartlett, Q.L. assisted by Past Grands A. Morency, J. Patterson and W. Patterson.

The officers for the term include:

J.E.G.—W. T. Patterson.

N. G.—J. B. Harmer, P.G.

V. G.—M. B. Huffman, P.G.

R. S.—Fred Goulding.

F. S.—Harold James.

Treasurer—Jos. Montalbetti, P.G.

Warden—D. A. Hewe.

Conductor—W. Patterson, P.G.

R.S.N.G.—T. S. Dawson.

I.S.N.G.—Sam Simister.

R.S.V.G.—A. Morency, P.G.

L.S.S.—R. Crawford.

Inside G.—J. Patterson, P.G.

Outside G.—W. J. Bartlett, P.G.

Representative to Grand Lodge—J. Patterson. Substitute—W. T. Patterson.

After the meeting refreshments were served by the Rebekahs and a social hour ensued.

## MASQUERADE CARNIVAL CALLED OFF

Owing to the effect of the extreme cold weather on the Arena ice, the fancy dress carnival, billed for last night, had to be postponed until better conditions offer. Watch for bills for further announcement.

A representative of the Calgary Fox farm was in town this week looking for stock purchasers.

## The "Bank" Way

It is better to have a savings account which grows through compound interest than an investment which earns only simple interest.

More large fortunes have sprung from Bank accounts than from any other source. Pin your faith to the "savings" way.

"Double your Savings; It CAN be Done."

## UNION BANK OF CANADA

Blairmore Branch and Safety Deposit Boxes J. D. Wilson, Manager  
Bellevue Branch and Safety Deposit Boxes S. J. Lamay, Acting Manager  
Hillcrest, Sub to Bellevue.

OUR policy is to build up a sound product, sell at a low margin of profit and tell the truth about it. Goods returnable and money cheerfully refunded if you are dissatisfied.

Blairmore.

## Alberta's Butter Output

## An Increase of a Million Dollars Over Previous Year.

The province of Alberta produced in 1922 ten million dollars worth more in products of the land and livestock than in 1921. Products of the land in 1922, including the value of live-stock slaughtered and sold, totalled \$137,455,000 and the estimate of last year's value of production is placed at \$17,336,000.

The increase comes chiefly in the larger quantity of grain in the province, and in the substantial increase in dairy products. The quantity of wheat produced shows an increase of about ten million bushels, although the average price is lower than in the previous year. The average price for wheat is slightly higher this season than last. It is estimated that there will be about 62,000,000 bushels of wheat of this season's crop. The total value of all field crops is placed at \$94,369,000 as compared with \$82,795,290 last year.

The increase in dairy products and their value is rather remarkable. Although the number of dairy cows in the province is less than the previous year, and although the general market for creamy butter was lower, value of dairy produce shows an increase of a million dollars. More than 2,000,000 pounds more of creamy butter was made in the province this season than last, the figures being 13,018,000 for 1921, and 15,175,000 for 1922. The amount of factory cheese also shows an increase from \$30,668,000 to \$75,000,000 pounds.

Miller's Worm Powders will drive worms from the system without injury to the child. The powders are so fine to take that the most delicate system can assimilate them. They come in as speedy eases of pain, because they promptly remove the worms that cause the pain, and thus the suffering of the child is relieved. With the proper quantity, no child should suffer an hour from worms.

## The British Pound

## Reason Why It So Soon Regained Its Original Value

While the average person is only dimly aware of the mysterious jargon of the world, with which great bankers seek to explain the rise of the British pound to us, there is a simple, fundamental, all-sufficient reason for what has happened. Briefly, it is the world's recognition that no matter what happens, and quite regardless of their existing trials and difficulties, the British people will muddle through and pay up all they owe. Already, despite surface evidence of great burdens and hardships, proof is being afforded that England is fast regaining the position of supremacy which she held before the war. Her trade, to begin with, is brightening; British exports are regaining their old place; British shipping has regained its pre-war ascendancy; British agriculture promises better than for years; and the British Government, along among European countries, is preparing to pay back its debts.

World finance reacts to such evidence. The peoples behind a nation which, despite responsibilities, activities, and efforts that appalling, is equal and more than equal to any task or emergency. They know that what ever happens to Europe, or to the entire fabric of world finance, the English will be the last to go down. In other words, they are finding out precisely what Mr. Walter Page found out when he wrote to President Wilson of the British:

"It is not by accident that these people have gone so far in the world."

## "Comet" Engine Preserved

In the South Kensington Museum, in London, is to be seen the very engine that propelled the "Comet," the first passenger steamboat built in Europe.

For Rheumatic Pains.—The pains and aches of Sciatica and Rheumatism should be treated with Dr. Thomas' Electric Oil. The soothing and healing properties of this remarkable oil have been demonstrated for fifty years. Use it also for inflammatory pains, cuts, scratches, bruises and sprains, either in human beings or the lower animals.

## Back to First Principles

Finding paper marks so good to him, the editor of a weekly paper in a Bavarian town has announced to the public that he prefers to take his subscriptions in kind. For a three months' subscription he is ready to receive six pounds of flour, a pound of butter or two dozen fresh eggs.

Many mothers have reason to bless Mother Graves' Worm Exterminator, because it has relieved the little ones of suffering and made them healthy.

## Thoughtful Dog

A large dog attended a motion picture theatre at Ann Arbor the other night, and lay on the floor watching the show quietly and intelligently, once reading a caption aloud.—Detroit News.

## Cook's Cotton Root Compound

A safe, reliable remorative medicine. Sold in three sizes—1 lb., 2 lbs., No. 2, 25 pounds. All drogists, or soap and druggist companies, Address: COOK'S COTTON ROOT COMPANY, TORONTO, ONT. (Formerly Wm. Cook & Son, Ltd.)

Minard's Liniment for Coughs & Colds

Send a Dominion Express Money Order. Five dollars costs three cents.

1464

## To Eliminate Mixing of Grain

## Question Will Be a Live One in the Next Session of the Federal House

Saskatoon district farmers will welcome any movement aiming toward elimination of grain mixing, and are ready to lend their united strength in any fight to this end, according to the consensus of opinion gathered from growers in that territory. These opinions follow repeated reports that the question will be a live one in the next session of the Federal House. They believe the only way to dispose of the wheat crop in fairness to the producer is for each car of grain to be sold on sample basis before it goes into any terminal elevator.

## IF STOMACH IS TROUBLING YOU

## Instantly! End Indigestion or Stomach Misery with "Papa's Diapersin"

As soon as you eat a tablet or two of "Papa's Diapersin" you'll feel better again. Headache, heartburn, flatulence, gases, palpitation, or any misery from a sour, acid stomach ends. Correct your stomach and digestion for a few cents. Each package guaranteed by druggist.

## Digs and Loads Potatoes

A new potato harvester which has been devised digs up the potatoes and loads them into a wagon moving alongside the harvester. After being dug up the potatoes are conveyed on a belt and elevator into the wagon.

Whether the corn is old or new growth, it must yield to Holloway's Corn Remover.

## Like British Rule

All the native chiefs of the Nauru islands have signed a memorandum stating that they are quite satisfied with the present administration and that they enjoy greater freedom than under German rule.

## MOTHER!

## Move Child's Bowels with "California Fig Syrup"

Even a cross, feverish, ill-nourished child loves the "fruity" and constipated child loves the "fruity" taste of "California Fig Syrup." A teaspoonful never fails to cleanse the bowels and bring the child to health again for yourself and for your child, it quickly works all the sour bile, and undigested food out of the bowels and gives you a well, playful child. You have a well, playful child with "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for general directions for babies and children of all ages printed on bottle. Mother! You must say "California Fig Syrup" or you may get an imitation syrup.

## Treating Disease By Inoculation

The possible treatment of appendicitis by inoculation has aroused great interest among British specialists. Perhaps the interest is keener upon the part of physicians than of surgeons, but this is very human. Apparently, many diseases will be treated in the future simply by inoculation and the use of the knife will be rarer.

## Manitoba Fair Dates

E. L. Burns, Secretary of the Manitoba Fairs Association, has announced the following dates for the 1923 circuit: The circuit will open at Carman on June 30, July 2 and 3; Portage la Prairie, on July 6, 8 and 9; Neepawa on July 12, 13 and 14; and Russell on July 16 and 17.

## Not a Vacation

Mary—I'm going to get married next month! Bob can get a week off from his job.

Marie—Do you think he'll be able to?

Mary—I think so. You see, it isn't the same as if he was asking for a vacation to have a good time.

It isn't until a boy has celebrated his 8th birthday anniversary that he begins to notice his father's ignorance, reading a caption aloud.—Detroit News.

## RECEIPT STAMP TAX

IS NOW IN EFFECT

The receipt tax is now in effect and all persons giving a receipt for \$10.00 or over must affix a 2-cent stamp thereon. There is a heavy penalty for not doing so or attempting to evade the issue.

This tax has not met with general approval and efforts are being made to have the tax removed, but until such time arrives, it will be necessary to have on hand a generous supply of stamps.

## CANADIAN NATIONAL

HAD BUSY PERIOD

Despite the necessity of operating under the handicap of a reduced supply of freight cars brought about by a steady absorption of Canadian cars by United States lines, the Canadian National Railways are completing the heavy autumn traffic season with record loadings in grain, live stock, coal, lumber, pulp and paper—probably all of the basic products of Canada.

Since the first of September, when the big prairie grain crop began to be moved to markets, and when the coal miners in both Canada and United States worked in the mines after a prolonged strike, the National lines have been called upon to handle a tremendous tonnage, not alone in those two essential commodities, but in live stock, paper, pulp and lumber as well.

In the handling of the products of the pulp, paper and lumber mills some shortage of freight cars developed as a result of conditions in the United States. An unprecedented volume of traffic, coupled with a shortage of freight cars to handle it, prevailed on United States lines so they could not furnish their due share of cars for the international traffic originated in Canada. The chief market for the Canadian National was pulp, paper and lumber mills in the U.S.A. The Canadian National was well aware that the movement of any of its equipment to U.S.A. would result in temporary loss of such cars, but, on the other hand, the withholding of cars from this international traffic would have resulted in the probable closing down of, and financial hardship to the Canadian pulp, paper and lumber industries, the C.N.R. therefore protected these Canadian industries to the utmost of their ability and the large number of cars that were loaded moved south. Absorption followed, as had been expected. The National lines made a logical and persistent effort with the neighboring United States lines, and with the American Railway Association to secure return of the cars with all promptness but the abnormal conditions prevented. Efforts of the organization, officers and employees, were bent toward the more strenuous task of meeting the local demands.

During September, October and November, 1922, the C.N.R. moved over its rails from the prairies to the head of the lakes 63,27,000 bushels, an increase over 1921 of more than 13,000,000 bushels. In 1921 from September first to November 30th, only 814,916 bushels of grain were moved to eastern Canada for domestic use, and for export to the Atlantic seaboard over C.N.R. rails. This year, due largely to serious congestion at southern lake ports, the total was 7,628,768 bushels, an increase of 6,816,852 bushels, this increase is more than 8 times the total handled in the same months of 1921.

In the coal traffic the increase this season has been striking. Last year, during September, October and November, a total of 846,463 tons of commercial coal were moved to market from Western Canada mines. This year the total was 986,135 tons, an increase of more than 50 per cent over 1921.

In addition to this tonnage the National lines were called upon to handle a large output from the mines of the Maritime Provinces. There also, sharp increases were registered in the figures of coal handled to market during the same months of 1921. In September, 1921, the total of coal handled over lines in the far east was 64,449 tons; in September, 1922, the loadings totalled 108,601 tons. In October, 1921, the total was 71,178 tons, while in October, 1922, some 115,572 tons of coal were moved to market. In November, 1921, there were 83,524 tons shipped via publicly owned rails; in November, 1922, there were 110,446 tons. As the management had to keep in view, along with the commercial coal, its own considerable supplies, it is seen the total movement of Canadian coal during the autumn has been large and greatly in excess of that of 1921 for the same period.

During July, August, September and October of this year, on eastern lines alone, forest products, other than pulpwood, used 29,379 cars, and pulpwood 10,572 cars.

During August, September and October this year, a total of 9,111 cars were loaded with live stock on western lines. These shipments being mainly to the stockyards at Winnipeg, Calgary, Edmonton and Saskatoon.

A great number of cars were rerouted east after passing through the stockyard at Winnipeg and the Canadian National accordingly handled to the eastern points all rail, 2916 cars or 68 per cent of this traffic, and into United States way of Emerson, 1275 cars or 55 per cent of the total movement.

Since childhood, when I got interested on ciders, I have always been a firm and staunch believer in "temperance." What does booze get you, I ask? Nothing but a sore head and a aching stomach. Did you ever try to figure out how the habit grows and grows. Personally, I never did because I never had time between drinks.

"Look at the distress it puts your dear wife and mother to, waiting dinner or supper while you were up town filling up?" Do you wonder that they would give me far, far more satisfaction than a drunken brawl, the outcome of which would net a fellow practitioner and himself fifty bones each to square the participants with the law.

"Since childhood, when I got interested on ciders, I have always been a firm and staunch believer in "temperance." What does booze get you, I ask? Nothing but a sore head and a

aching stomach. Did you ever try to figure out how the habit grows and grows. Personally, I never did because I never had time between drinks.

"Look at the drinkers that are in our town of Blairmore. Our neighboring towns, have their share as well.

"My heart often grieves for those poor lost souls as I pass them on my way to and from the office.

"Poor devils, I wish I had enough real money to buy them all a drink.

"Look at the so-called reformed drinkers we have here. They all say weekly, "No, thank you, I have cut it out." Why, I could mention a dozen of them, but I don't. They all have the gnawing stomach, hunger for the stimulant their system was so used to.

"Now, fellow citizens, when you read this short article you will readily realize my position and understand why I want you to keep sober and pay up, as this is going to be a hard year and I would like to pay the bartenders what I owe them, so that my credit will be good until fall. If this article is properly appreciated, I will be only too pleased to write others dealing with the subject more minutely and giving past experiences to prove my points. Thanking you, I am."

—  
I. O. D. E. WILL HOLD WHIST DRIVE

The local chapter of the I.O.D.E. will hold a whist drive at the Green Grill on Tuesday next, at 8 p.m. Admission 50 cents. Refreshments will be served. If you have a good appetite and are a good whist player, you should attend on Tuesday next.

## REMINISCENCES OF THE PAST

## HILLCREST HAPPENINGS

(By Our Own Dear Felix)

Owing to the exceptionally mild weather, the curling rink has not been able to get well away.

Ed. and Joe Royle were fulfilling music engagements during the New Year at MacLeod and Burns.

John Howcroft has returned from Calgary after spending the Christmas and New Year holidays there.

The marriage of James Smith and Miss Nellie Lynch took place on New Year's eve. They have taken up residence in Peaceful Valley.

The masquerade dance given in the Union hall on New Year's night by the Knights of Pythias was a complete success in every way.

Miss Bessie Smith, of Lethbridge, spent a few days in town during the New Year, visiting her parents and also attending the wedding of her brother.

Quite a large number of Hillcrestites journeyed to Blairmore on the 3rd instant to witness the opening game of the hockey league series; and also to Bellevue the night previous. In fact, it is admitted that the Bellevue hockey club would have to shut down if it was not for the financial support from Hillcrest.

Mr. and Mrs. Ed Royle entertained on the evening of the 6th instant, in honor of Mr. John Christie (Bellevue) and his bride-elect, Miss E. Fox. The following were the invited guests: Mr. and Mrs. D. Howcroft, Mr. John Howcroft, Mr. Ed Howcroft, Misses G. and O. Howcroft, Master R. Howcroft, Mr. C. Mattson, Mr. and Mrs. T. Fox, Mr. J. Price, Miss M. Price, Mr. S. Price, Master R. Price, and Mr. G. Greenhalgh (Coleman). After full justice was done to turkeys, etc., the rest of the evening was spent in a very enjoyable manner with games and dancing until 3 in the morning.

## GOVERNMENT SAVINGS CERTIFICATES

Gross sales of \$3,708,536 in Alberta Government Savings Certificates were made during the past year. Though there were heavy withdrawals, the net amount of new business for the year was nearly \$700,000. The total amount now outstanding in Savings Certificates is \$4,950,822. Of the 6000 accounts in certificates, ninety per cent are with Alberta people. The average amount invested by individuals is \$250.

## REGULAR MEETING OF TOWN COUNCIL

The regular meeting of the Blairmore town council was held on Monday night. Only a small amount of business was transacted. Following the reading and approving of the minutes of last preceding meeting, several small accounts were passed for payment.

Councillor Morgan gave notice that at the next regular meeting of the council he would introduce a by-law for the purpose of appointing a returning officer for the forthcoming municipal and school election.

Freshie: He—"What beautiful arms you have!" She—"Yes, I got them playing baseball." He—"Do you ever play football?"

BLAIRMORE ALBERTA

BLAIRMORE MINERS FAVOR  
JOINING RED INTERNATIONAL

MEDICINE HAT, Jan. 9.—(By Canadian Press)—Two of the "reddest" resolutions on the convention agenda were brought to the attention of the delegates. Both were proposed by the Blairstown local. The resolution committee dealt with the two resolutions and brought in a report recommending non-concurrence with both. Following a full discussion the committee's report was adopted and the Blairstown resolution was turned down.

An amendment to refer the resolution back to the committee for redrafting was defeated after the closest vote of the convention to date. The result of the vote was announced at 39 to 37 against the amendment, with the U. M. W. of A. delegates voting unanimously for the amendment.

The vote on the committee's report indicated a considerable difference of opinion, but the vote against the Blairstown resolution was so evident that the show of hands was not counted. As expected, the U. M. W. of A. delegates voted almost solidly for the Blairstown proposals.

The Resolutions in Question

"The one international body in existence worthy of serious attention by the working class is the Red International of Labor Unions, with headquarters in Moscow, Russia. To this centre of international solidarity and revolutionary aspirations more and more of the toilers of the world are beginning to turn."

Such is the declaration in resolution one, appearing in the list of 28 resolutions, to come before the convention of the Alberta Federation of Labor in session at Medicine Hat.

Concluding the resolution, proposed by the Blairstown Local U. M. W. of A., appear the following paragraphs: "Therefore be it resolved that this the Tenth Annual Convention of the Alberta Federation of Labor, endorsing the principle of international federation, urges that all local bodies within its jurisdiction carry out a consistent campaign of education to the end that the membership may understand the implications and potential power embodied in the virility of expression and action of the Red International of Labor Unions."

And therefore be it resolved that the Executive of the Alberta Federation of Labor stand instructed to bring same before the next convention of the Dominion Trades and Labor Congress to be held at Vancouver.

In connection with the Red International of Russia, another resolution sponsored by the miners of Blairstown, asks the convention to endorse the action of District 26, U.M.W. of A. in applying for affiliation with the Red International, and to condemn the so-called Lewis machine of the U.M.W. of A. in their alleged attempt to break up the mine workers' union in the progressive districts. Lewis is the president of the U. M. W. of A.

O. B. U. Revival Urged

A step in the direction of a revival of the O. B. U. movement is couched in another resolution from Blairstown, and endorsed by a number of other locals. This resolution calls for the encouragement of the amalgamation of craft unions into industrial unions, as a preliminary step to industrial unionism of all crafts.

Another resolution calls for proportional representation when voting in the province; another condemning the use of injunctions and still another for certain increases in the Workmen's Compensation Act. The old plea for a six-hour working day and a five-day week also appears in a resolution from Blairstown. Still another calls for the enactment in Alberta of legislation putting into force a system similar to that in force in B. C. for the handling of the liquor business. The election of all officers of the Federation by referendum vote of the rank and file, in the substance of another resolution.

A Frenchman the other day exploded a charge of dynamite in his hat. "Toujours la police!" he made quite sure of raising his hat on taking leave of the world.

Cowley Happenings

Pete McEwan was a week end visitor to Blairstown.

Mrs. L. B. Heatherington has come to Blairstown for a visit. Mr. Hardwick Stevenson has returned to Edmonton University.

The last monthly meeting of the Ladies' Aid was held at the home of Mrs. Will Rustan.

Mrs. D. R. Molson and children, Margaret and Kenneth of Gilmore were visitors here for a few days this week.

Mrs. Jack Graham, of North York, left Monday for Maple Ore & Sack, to spend a few weeks with her brother.

We are having very soft weather here now. The roads are beginning to get muddy from the recent thawing.

Mrs. Ruth Barr, Miss Muriel Murphy and Mr. Drake is en route to Calgary last week to finish her normal course.

Ralph Easterbrook and Lionel Peel went to Pincher Creek on Sunday night to witness the Blairstown-Pincher hockey game.

On Wednesday evening last several of the Conquerors went to Blairstown to witness the hockey match between Blairstown and Lethbridge.

A few days ago Dr. Donald was called to Chinook on account of his brother's illness. Word had been received that his brother was dead when he arrived there. The doctor is expected here in a few days.

A very pleasant evening was spent at the whist drive last Wednesday. The prizes were won by Miss Marjorie Smith (a cut-glass butter tub and a silver butter knife), and Mr. R. Alexander (a set of suspenders, garter and arm bands). The lady's consolation went to Mrs. M. A. Murphy (a lemon squeezer), while the gentleman's consolation went to Mr. Willie Mackay (a pair of socks). The supper was furnished by Mrs. M. A. Murphy and Mrs. George Porter.

Veauvis is active again. What ate the crater?

North Sydney is faced with a \$70,000 deficit for 1922.

WANTED—Girl for general housework. Apply to Mrs. J. B. Wilson, West Blairstown.

"Pay your income tax with a smile," advises our solicitor. Well, that's all we can afford, anyway.

FURNISHED ROOM—One or two roomers can be accommodated. Apply to Mr. I. Nicholson, Stuart Street.

For a lightweight champion who doesn't have to put up much of a fight, probably the coal man has 'em all at hollow.

"Lifers live longer than most men," says a weekly paper. Which bears out the old assertion that the good die young.

Because a "doctor" says that food and exercise should be taken separately, we have decided to have our waiters cut up our steaks.

A newspaper states that porridge is disappearing from the Scotchman's breakfast table. Yes, at the rate of about four匙 a minute.

When a Willesley, Mass., hospital attendant telephoned to the anxious husband that he was the father of triplets and wished him a Merry Christmas, he dropped to the floor with the receiver in his hand.

Mrs. Edith Thompson and Frederick Bywater were executed on Tuesday morning for the murder of the woman's husband, Percy Thompson, on October 4 last. Bywater was executed in Pentonville prison at 9 o'clock. Mrs. Thompson was hanged a few minutes later in Wilkin Hallway jail.

## Divide Your Dollars With Your Neighbor

## Buy At Home

Everybody has a certain amount of civic pride—that sort of pride which helps make a village town, and a town a metropolitan city.

The growth of any community is dependent upon the support given its citizens. If we fail in our co-operation the town either stands still or retrogrades. If we uphold the town by sustaining it wholeheartedly we help ourselves and the community. The theme of this advertisement is: 'Help our town; buy at home.'

Let us divide our dollars among our neighbors and fellow-citizens who have the interests of the community at heart. Help them and they will help us to greater values—for increased volume means decreased costs.

The town needs our support and we need the support of the town. Let's get together and share our fortunes.

How  
They  
Feel  
!!!

Pincher	1	0	1	2	10	.000
Taber	1	0	1	7	12	.000

**SPORT NOTES**  
Edmonton Eskimos took the short end of a 6-1 score at Calgary on Monday night. Vancouver also won from Saskatoon, 8 to 0.

The locals are doing it by tens so far—Lethbridge 4, Blairmore 10; Pincher Creek 2, Blairmore 10.

Next comes Taber—Monday night, first, and after that Bellevue, at home, on the 19th.

Blairmore team has twenty goals to its credit already—Rennika is responsible for 7, Reddick 6, LeVasseur 5, Turner 2, Mackie and Pruden one each.

"Boy, page the ice man!"

Hockey, curling, carnivals and dancing has been postponed on account of the mild weather.

Pincher is scheduled for Bellevue tomorrow (Friday) night, ice permitting.

Reserved seat holders for hockey games at the local arena are to enter at the curling door, or rather the curling rink entrance.

The local juniors play the Bellevue team at the arena this evening.

Dr. Key exemplified a new swimming stroke at the curling rink the other evening. It is called the curawling stroke.

Leave your name with Secretary Bird of the Hockey Club, for the special train that will convey the Blairmore hockey fans to Lethbridge on February 14th.

Secretary Bird reports that several tenders were received through the ad. that appeared in last week's Enterprise for the purchasing of a train with a full (?) crew to go to Lethbridge on Feb. 14th.

Taber at bat, Bellevue on deck and Coleman in the hole. Watch the schedule.

Blairmore and Taber will meet at the arena on Monday night next in a game which will certainly be no Picnic Tea affair.

Feb. 14—BLAIRMORE at Lethbridge

### BLAIRMORE WINS FROM PINCHER

Blairmore went to Pincher Creek by auto on Monday evening. After a two-hour ride in the cold, cold air, they unloaded and entered into a contest with the Pincherites. The ice was rather soft, but a good game ensued, although the score 10-2 might make it appear otherwise.

The local team comprised—Ennis, goal; Turner and Reddick, defense; Pruden, Rennika, Mackie, LeVasseur, Vepravia and Harvey, forwards.

The game was refereed by Doc Gillespie.

### COLEMAN DEFEATS TABER 7-5

One of the best games of the season was staged on Coleman's Crystal Rink on Monday night last in a league fixture between Taber and Coleman.

The ice was somewhat soft and sticky, but in spite of this the game was fast and there was no lack of thrills.

Coleman opened the scoring when Nelson banged one in from a scrimmage in the first fifteen seconds. This period throughout was fast and ended 2-2. In the second period both teams appeared to be out for blood and shooting was quite effective, only to be saved by remarkable work of both goalies. This period ended 5-4 in Coleman's favor. In the last period, Taber scored once, and Coleman twice, leaving the final score 7 to 5.

The lineup was as follows:

TABER—Goal, Aston; defense, Chapman and Carlton; forwards, Connolly, Elliott, Pelletier, Storie, Scott and Douglas.

COLEMAN—Goal, Johnson; defense, Phillips and Easton; forwards, Graham, Wilde, Nelson, Jewell and Bailey.

First Period—Nelson, unassisted, 15 seconds; Wilde, unassisted, 16 minutes; Connolly, unassisted, 1 minute.

Second Period—Phillips, from Easton, 3½ minutes; Nelson from Wilde, 1 minute; Elliott from Connolly 1 minute; Graham from Bailey, 12 minutes.

Third Period—Nelson, unassisted, 5 minutes; Chapman, unassisted, 3 minutes; Wilde, unassisted, 3 minutes.

Referee—Thomas Clark of Hillcrest.

### LADIES ARE TRIMMED BY BLAIRMORE MIDGETS

An interesting game of hockey was played on the local arena on Tuesday evening between a team of nine-year-old boys and the Blairmore Senior Ladies.

Quite a number of spectators were present and none could refrain from hollering at the extremely amusing incidents that occurred throughout the game.

The game was refereed by Rev. W. T. Young, who certainly had his hands and arms full.

The boys proved their mettle all through and staged real hockey. Repeatedly the ladies surrounded the boys' camp, but were beaten back by clever stunts.

The first score for the boys was recorded when the puck passed through Sarah McEvoy, a defense lady. Miss McEvoy hit the ice with such force that part of the roof of the arena seemed to collapse. Miss Lillian Evans did well as goal keeper and saved the situation from being a walk-over for the boys. The score at the finish was 3-1 in favor of the boys.

### THE GREAT MARK SWINDE

"Not the least interesting thing about Germany's gigantic mark hoax is the fact that the majority of those deceived by it are German extraction, or with German connections," says the New York Tribune in a recent editorial.

"It has, of course, long been known that Germany used her depreciating currency to buy good money abroad. This was but one of her methods of evading reparation payments. By hastening an artificial bankruptcy she hoped, and still expects, to escape further payments. But it is a strange play of fate that the sum which she thus exported and stored up abroad, where neither her own tax gatherers nor her supervisors can reach them should have been made for the most part at the expense of sympathizers rather than her former enemies."

"It is true that many non-Germans caught the fever and speculated in marks. In so doing they took upon their own shoulders part of Germany's burden. But those who bought most enthusiastically were naturally persons whose belief in Germany was great. And yet as long as a year ago a prominent German banker is said to have remarked to an American that it was the opinion of many people in Germany that in thus 'soaking' the Germans in America, Germany was repaying them for their failure to support her more heartily during the war."

"Although such a point of view is a tribute to the loyalty to America of the German element in this country it is a sad commentary upon the integrity of purpose of the German financial world. If German bankers look with satisfaction on the fraud perpetrated on their friends what attitude can they be expected to take toward their enemies?"—Toronto Saturday Night.

A man never realizes how many faults he has until he gets married—and then his wife tells him.

The officers of the Crowview Rebekah Lodge will be installed at a special meeting to be held tonight.

A. E. McPhail, tailor, has moved into the premises at the rear of the Blairmore Pharmacy, formerly occupied by Mar Poy.

John Brooks, of Bellevue; James Dudley Hanson and Alex Morrison, of Coleman; Patrick Dujay, of Hillcrest; and Arthur J. Kelly and Louis Dutil, of Blairmore, have been appointed official auditors.

The annual meeting of the ratepayers of the town and school district of Blairmore will likely be held on the night of Monday, January the 24th. Monday, February 5th, will be nomination day, and the elections will take place on February 12th.

### GRAND CONCERT AT COLEMAN

The first of a series of concerts to be given by the Coleman Glee Club will be staged at Coleman opera house on Wednesday night of next week, commencing at 8 o'clock. See bills.

### FASCINATING STORIES

Two fascinating stories of adventure and romance will commence this month in The Family Herald and Weekly Star of Montreal. "The King's Arrow," by H. A. Cody, takes one back to stirring times in the picturesque days of the Acadians and the United Empire Loyalists. "The Yellow Flower," by Thompson Cross, is a thrilling tale of adventure in the Far East. These two stories alone are worth double the subscription price of The Family Herald and Weekly Star of Montreal for a full year. Subscriptions sent in immediately will catch the opening instalments.

### A LOAF OF BREAD A DAY

How large is Canada's wheat crop this year? To the man on the street the fact that Canada has a crop of over 340,000,000 bushels means little more than a mere jumble of figures.

But, if you were to tell him that if Canada's crop of wheat this year was ground into flour and made into bread, there would be enough to supply every man, woman and child in England with a loaf of bread weighing twenty-four ounces every day for a whole year, or a similar nation for the entire population of the United States for four months, he would gain a clear idea of the enormous crop of wheat that Canada produced.

With a minimum yield of 343,000,000 bushels, statistics show that this quantity is equivalent to 20,580,000,000 pounds of wheat, or 10,290,000 tons, or 73,500,000 barrels of flour, which could be made into 12,802,500,000 loaves of bread, weighing 24 ounces each.

Nearly everybody has read of the march of the German soldiers through Brussels and how it took several hours for the troops to pass a given point. This event was said to be unique in the annals of military history, but can you imagine 7,500 trains running at intervals of five minutes apart, taking 252 days to pass a given point? That is just how long it would take 257,250 (40-ton) grain cars loaded to capacity to move this year's wheat crop. Placed end to end these cars would make a train 1,946 miles long, or one extending from Montreal to a point 26 miles west of Swift Current, Sask., or from New York to Denver, Colorado. Allowing thirty-five cars to a locomotive, it would require 7,500 to haul 257,250 cars, which would make a total length of cars and locomotives combined of 2,000 miles.

The largest trans-Atlantic freight carrier of the Canadian Pacific Steamships, Ltd., is the S.S. Bosphorus, with a capacity of 352,000 bushels of wheat. It would take 974 steamships of the Bosphorus's capacity to carry the wheat crop of the Prairie Provinces across the ocean. Taking the Bosphorus's gross tonnage at about 6,000, this would mean a fleet of 5,844,000 gross tons, or the largest mercantile fleet in the world with the exception of the United States and the United Kingdom. "Agricultural and Industrial Progress in Canada."—Toronto Saturday Night.

Mr. and Mrs. F. M. Collins, formerly of the Alexandria hotel, Pincher City, but now of Enumclaw, Washington, spent Christmas with old friends in Pincher City.

### DR. CHASE'S OINTMENT

60 cents a box, all dealers or Edmaston, Bates & Co., Ltd., Toronto.

### Direct vs. Indirect Taxation

Quite a rumpus is being raised in certain quarters over the imposition of new taxes. The Dominion Government has recently an attempt was made to stampede the Dominion Government into refraining from putting this tax into effect on January 1st as it was authorized to do by Parliament at its last session, this attempt taking the form of an organization of the same kind as that addressed to the Prime Minister and to be delivered to him the same day.

Whatever may be said for or against this particular tax, it is new in principle nor, as a shaver of fact, new in this particular form. Stamp taxes on receipts are in vogue in many countries. They are not even new in Canada, being in use some years before the war last such a huge burden of debt on the Dominion, this form of taxation was in effect. When the stamp tax on cheques was inaugurated, there were complaints, and these were removed by the introduction of a double tax based on the amount for which a cheque is drawn was put into force.

As a matter of fact, whenever any system of direct taxation is adopted there is public complaint, although, when the subject of taxation is discussed in the public school, not even ten people will be found to frankly admit that direct taxes are not fair and that the taxation of consumption is not fair. It is that, in the case of direct taxes, people know they are paying taxes, whereas when the taxation is imposed through indirect methods people are in ignorance of the amount of taxes they are paying, and frequently do not realize the fact. The stamp tax on cheques is a good example of this. It is always popular with politicians, even though the result is to impose heavier taxation than is necessary, and, worse still, even though other people are enabled to increase their personal profits at the expense of the tax-paying public with whom the tax is imposed.

When a man draws a sum for fifty dollars or less and places a two-cent stamp on it he knows that the Dominion treasury has benefited to the extent of the tax time paid by him. The same thing is true of the receipt tax. When a man goes to get an auto, a tax is paid on the vehicle, and the Government gets the whole amount. He pays the stamp tax on the postage stamp he places on letters or parcels, the stamp tax on matches, and the tax paid on incomes.

When a man buys an imported article in a store costing one dollar and upon which Customs duty is levied he, as a rule, considers he is merely paying the proper selling price of the article. He does not, and in the majority of cases, figure out how much of that dollar represents the actual value of the article in question and how much has been added on account of the tax.

Let us suppose he knows nothing of the added cost because of the tariff which goes into the Dominion treasury and how much represents a super-tax imposed on him by the original importer, the wholesaler, jobber and retailer. Yet, if the article in question has passed through several hands before it reaches him, he is paying a super-tax on each hand, and the such purchaser on the score of the tariff is from 50 to 75 per cent. greater than the Government receives, because each middleman has added his percentage to the cost paid on the original cost, but on the cost plus the tariff.

Therefore, the imposition of an indirect tax through the medium of a Customs tariff makes it possible for the domestic manufacturer and producer of articles of a class similar to the imported article to enlarge the selling price of the article, and thus increase the price of the imported article.

In all such cases the Government gets nothing at all in the way of revenue, but the public are paying handsomely just the same.

These things are not possible in the case of direct taxes, and it is passing strange, when the Government is asked to impose and exact a tax beyond a direct tax, which, after all, comes hard to them in public service of one kind or another—while at the same time viewing with a large degree of complacency the more vicious, and heavier, indirect taxes of which the Government receives but a part of the revenue.

Direct taxes are usually more payable, they are made as simple as possible, and the method of their collection comparatively inexpensive. And what can be simpler than the affixing of a stamp to a cheque or receipt, and what could be cheaper than the cost to the Government being all beyond the cost of the stamp.

Undoubtedly it is a matter of education. Before the war Canada had no direct taxes, except excise levied on liquors, tobacco, etc. The Dominion's revenue was chiefly derived from customs, and Canada, like Great Britain on the other hand, has always favored direct taxation, and it admitted the world over that the British system is sound and productive of great revenues to the State. It is well that Canada should, more and more, follow Britain's example, as at present the heavy war debt makes it imperative that we do so for some considerable time at least.

### Alfalfa Seed

Price-Seed of Grimm Variety Available in Brooks District

More than 100,000 pounds of alfalfa seed of the Grimm variety will be available from the Brooks district for seed purposes this year, according to G. M. Stewart, of the Dominion Seed Branch. This is twice as much as was ever produced in that district before, and on account of the exceedingly good weather conditions last fall, it is of unusually good quality, as evidenced by the fact that the product has just taken second place in the alfalfa exhibit at the International Livestock and Grain Show, Chicago. Fifty per cent. of this amount is eligible for insurance.

Spiders are given as a tonic to strengthen glands and larks when caged.

### Bad Breath Overcome

"Bad breath is a sign of decayed teeth, foul stomach or unclean bowels." If your teeth are good, look to your digestive organs at once. The following simple System at drugstores, 15 to 30 drops after meals, clean up your food passage and stop the bad breath odor. Price \$1.00 per bottle. Don't buy substitutes. Get the genuine.

### Prize for War Monument

Alfred Howell, Director of Art at the Central Technical School, Toronto has been awarded the \$300 prize offered for the most acceptable design for a war memorial for St. John, N.B. to cost \$20,000. The memorial is to be 35 feet high and 12 feet square at the base. The monument will be of granite, with two figures in bronze on it.

During the French and Indian war the French offered bounties for British scalps.

Iron mines in Great Britain were worked as early as 54 B.C.

Minard's Liniment makes an excellent counter-irritant. It has a strong, aromatic, medicinal taste. It is applied to the tooth glass in it a piece of cotton wool saturated with Minard's.

Minard's Liniment  
The Family Medicines Chest

Kingfishers made their nests in small nab holes.

### Copper Horseshoes

New Use As a Means of Preventing Forest Fires

Copper horseshoes as a means of preventing forest fires have recently made their appearance in the forests of the west, and, if the plans of certain forestry officials are carried into effect this metal will supplant steel on the hoofs of all horses to be used on public domains where there is any number of fires. According to some of the superintendents, steel horseshoes used in finely mountainous regions may have been the cause of some of the mysterious fires that have started in forest reserves. Heavy steel horseshoes striking against flint or hard granite may readily be the source of sparks, which, falling into dry grass or other inflammable material, would quickly cause it to burst into flames if fanned by a breeze.

### Sentenced To Death

#### No Appeal Possible

The death warrant is passed out every time a corn is treated with Putnam's Liniment. The corn is cut off the stalk, the putman's liniment is poured over the corn, root and branch, and never fails. Refuse and substitute for Putnam's. See everywhere.

### Experimental Plant for Briquettes

An experimental plant has been established in the University of Alberta to carry on work in the matter of converting the slack of Alberta mines into briquettes under the direction of expert engineers. It is realized that should such efforts prove successful a valuable addition will be made to Alberta's coal industry.

### WHY RHEUMATISM OFTEN COMES BACK

#### The Usual Treatment Does Not Reach the Root of the Trouble

Most treatments for rheumatism do more than calm to keep down the poison in the blood and enable nature to overcome that particular attack. This way the system becomes run down, from which cause the disease again gets the upper hand and it all has to be done over.

Sufferers from rheumatism who have been taking medicine will usually grow worse while using other remedies. It would be well to try Dr. Williams' Pink Pills. The tonic treatment with this medicine has proved to "call out" the rheumatic poison through the regular channels of excretion and to bring up the run-down nerves.

Mrs. G. Vanhorn, Eekville, Alta., writes:—"about a year ago I had rheumatism which would not go away. I had to stay up at night with it, and I just feel kind of faint and my heart would seem to stop beating. I would just leave the house, and often had to stay up all night with it. I would get rid of the trouble for a time, but it would always come back. A friend recommended Dr. Williams' Pink Pills. I took them and the trouble attacked me again. Since I took them I have been better all winter, and now I never feel any such faintness. I surely do appreciate the good they have done for me."

You can get these pills from any druggist in the city for \$2.50 per box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brooklyn, Ont.

#### Mistaken Identity

The following story about an absent-minded Bishop is being whispered about among ecclesiastical circles. At end of a very tiring day, he was conducting a confirmation service, at which there was a large number of people.

The last candidate to come up was an old man with a perfectly bald head. This Bishop placed his hand upon his head in the usual manner, but in the most unusual manner was heard to exclaim as he did so:

"I declare this stone to be well and truly laid"—London Morning Post.

#### Saskatchewan Lignite

Lignite coal mining in a commercial way is being started near Shaunavon, in the southeastern portion of Saskatchewan. The country along the White Mud Valley is underlaid with coal, and the stripmines are to near the surface that the farmers have for years been hauling their fuel from holes dug in the back.

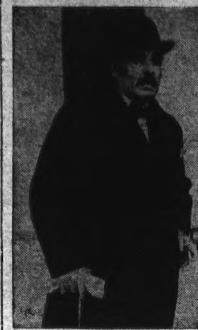

During the French and Indian war the French offered bounties for British scalps.

Iron mines in Great Britain were worked as early as 54 B.C.

#### Toothache?

Minard's Liniment makes an excellent counter-irritant. It has a strong, aromatic, medicinal taste. It is applied to the tooth glass in it a piece of cotton wool saturated with Minard's.

Minard's Liniment  
The Family Medicines Chest

### WORLD HAPPENINGS BRIEFLY TOLD

The London Daily Express understands that the estate of the late Lord Northcliffe is valued at £5,500,000.

The Governor-General has appointed Major Robert Wooldridge Gordon, M.C., reserve of officers, Grenadier Guards, to be an aide-de-camp.

Vancouver, notorious for its rains, was a comparatively dry town in 1922. Only 46.63 inches of precipitation was officially recorded, or less than the average precipitation in Montreal.

Fifty per cent. less beer was consumed in Great Britain in the past year compared with the pre-war consumption, according to the Brewers' Society.

According to information in authoritative Vatican circles, Pope Pius plans to hold another consistory in March, at which new cardinals may be created.

Bishop Lloyd announces that the proposal to bring out Welsh emigrants and settle them on the lands around Hague, Saak, recently vacated by the Monarchs, has been abandoned.

Announcements have been made that residents of St. Boniface, Man., will raise a fund of \$600,000 to assist in rebuilding St. Boniface College, recently destroyed by fire.

Canada exported fish and fish products to the value of \$2,350,835 during November, 1922, as compared with \$2,663,525 in October, 1922, and \$73,192 in November, 1921.

A statement issued by the treasury department the revenue of the United Kingdom for the past nine months at £555,500,000 compared with £267,769,000 for the corresponding period of last year.

Radio stations of the United States naval radio station, the Reliance of the Great Lakes have been ordered closed and placed on an inactive status pending final determination of their disposition.

Under the operation of the new licensing fee of \$10,000, licensed liquor export warehouses in Vancouver have dropped from 16 to five. It is possible some of the fee may be abandoned.

In the thirteen months from Decem- ber 2, 1921, to the end of 1922, there were granted in Manitoba court 120 absolute decrees of divorce. More than 1,000 couples have been separated legally since the provincial courts in 1917 first heard divorce cases.

A despatch from Pekin says Great Britain would verbally informed the Chinese Government of its decision, in principle, to devote Great Britain's share in the Boxer indemnity to purposes mutually beneficial to both countries, but mainly to Chinese education.

A man called at a village post office to a registered letter which he would be awaiting him. The letter was there, but the clerk demurred at handing it over, as he had no means of identifying the caller. The called took a photograph of himself from his pocket, remarking:

"I think that ought to satisfy you as to who I am."

The clerk looked long and earnestly at the portrait, and then said:

"Yes, that's you, right enough. Here's your letter."—Kansas City Star.

Minard's Liniment for Neuralgia

Hornets Enemies of Flies

Hornets in a nest near a barn, kill the flies that are likely to sting the horses.

## Local and General Items

For funeral flowers phone 212, Crows' Nest Pass Undertaking Co.

Glendale Creamery Butter, 2 lbs. for 95c at P. Burns & Co., Ltd.

W. A. Henderson, manager of the local plant of the Canada Cement Co., is on a business visit to Montreal and other eastern points.

Ohio, the only State in which the wets challenged prohibition by a constitutional amendment, gave a dry majority of more than 160,000.

A special strong seat is being erected on the Blairmore Arena fence, to accommodate Chapman, the Taber 210-pound defense man, on Monday night next.

The marriage of Miss Mary H. Chalmers to Mr. George Reid was solemnized at the Institutional church, Coleman, on Friday evening last by the Rev. D. K. Allan.

Mike Cassidy, who on two occasions recently fought his draw with Frankie Landers, is trying to arrange a boxing exhibition for the near future. He is now busy lining up the necessary timber.

Since someone advocated the growing of trees in West Blairmore for shelter and ornamental purposes, we notice a few of our male citizens are growing "Van Dykes" — probably for similar purposes.

If the well-known Blairmore citizen who sought admission to the arena at Coleman on Monday night on a raffle ticket would try again, he might succeed, but we understand Chief Houghton will be on the lookout for him.

Unravelled Products — Shamrock Hams, whole, 35c per lb.; Shamrock Bacon, whole, 40c per lb.; Dominion Hams, whole, 33c per lb.; Dominion Bacon, whole, 42c per lb. Saturday only at P. Burns & Co., Ltd.

In the town's estimates for this year, provision should be made for a fire truck. At the present time four to six men are necessary to drag the hose reel to a fire. With a truck, one man could easily do the work of six, besides making better time.

A local soft drinks pedlar was fined \$150 and costs before Magistrate Greenham on Tuesday for a breach of the Alberta Liquor Act. The premises of the accused were searched by members of the provincial and town police and sufficient evidence was gathered to ensure conviction.

If operating punch boards in this province or in the Dominion is a crime, why not get at the source of it and put a stop to the manufacture, importation or sale of the punchboards, instead of victimizing civil and respectable citizens. Scarcely a month passes now but an agent for punch boards and other such devices visits the Pass. In his campaign for customers he is unopposed, but after he has disappeared with considerable of the good money of our citizens his customers are made goats.

P. Burns & Co., Ltd., offer for Saturday only, Dominion Link Sausage, 22c per lb.; Ideal Bolo at 15c; Weiners at 22c; Head Cheese at 18c; Cheese Loaf at 23c; Compressed Ham at 25c.

Complete line of Smoked and Cured Fish always on hand at right prices. P. Burns & Co., Ltd.

French troops are now within a few miles of Eissen, Germany.

The annual convention of engravers was held at Lethbridge this week.

Be ready for the big Taber-Blairmore go at the arena Monday night next.

When angry count ten before you speak—if very angry count one hundred.

Alberta bonds to the extent of \$4,800,000 have been disposed of privately in New York.

Mrs. Joe Morgan, of Lethbridge, is the guest for a few days with Mr. and Mrs. Evan Morgan here.

Miss Mary Bush, of Creston, is visiting here for a couple of weeks with her uncle and aunt, Mr. and Mrs. Evan Morgan.

A well-attended dance was given at the Greenhill Grill last night. Music was furnished by Mrs. Altermat's orchestra.

Dr. Olivier has completed the setting up of one of the finest X-Ray equipments in the province in his office in the Pouchenlock.

New Laid Eggs, just arrived from Portland, Oregon, 2 dozen for \$1.20. at P. Burns & Co., Ltd.

Miss Rae, who has been ill for a short time, is expected to arrive here this week end and will assume her duties at the ward school on Monday.

The profits of the Woolworth Company, five and ten-cent stores in the United States for 1922 were fifteen million dollars. The sales for the year totalled \$166,000,000.

The industrial court of New South Wales has fined two Australian labor federations \$1450 each on the ground that they participated in an illegal strike.

Here's hoping that Doc Barron's incapacity is not as serious as at first thought and that he will regain his position on the ice before the season closes. Signed by Everybody.

Ex-Mayor Simmott, of Calgary, law practitioner, has been sentenced to seven years in Prince Albert penitentiary, having pleaded guilty to appropriating to his own use funds entrusted to him for other purposes.

Pork Loins, whole at 32c; Legs, whole, at 25c; Shoulders, whole at 26c per lb. at P. Burns & Co., Ltd.

Some of the boys suggest that the ladies should sew up the pockets in their skirts if they are to play hockey. The boys are willing to go almost anywhere to look for the puck, but do not wish to dive into the vanity socket.

J. H. Vroom, of Pincher Creek, who evaded the A. P. P. some months ago in making a run with a load of liquor across the line, has been captured by Constable Marjorison at Cardston. Vroom appeared before a magistrate and was obliged to pay a stiff fine.

A little boy was on his knees in his night dress, saying his prayers. His little sister couldn't resist the temptation to tickle the soles of his feet. Arthur stood it for a few seconds, and then said: "Please, God, excuse me while I knock the stuffing out of Nellie."

Two men were shot to death in the business section of Somersett, near San Antonio, Texas, as a result of trouble arising over the discharge of a teacher from a public school. The dead are Prof. W. A. Chapman and J. Glynn Harwood. The proprietor of a soft drinks stand is held for the murder.

It is now taken 250 marks to buy a letter from Germany to Canada.

Mrs. Harper and Mrs. H. Pinkney are substituting temporarily at the local school.

Mr. and Mrs. Harper have taken up residence in the Greenhill Apartments.

There is no danger of stock piling up on shelves and gathering dust if it is well advertised.

Masked bandits got away with \$600 cash from the Club Cafe at Drumheller one night last week.

The trial of the striking coal miners, under arrest at Edmonton, has been set for January 22nd.

Mr. Harold Pinkney has been somewhat indisposed during the past week, but is able to be around now.

Marks are being used as wrapping paper over in Germany. They are cheaper to buy than wrapping paper.

**Fable:** Once upon a time there was a woman who got dressed in time—but the clock was two hours fast.

A team of Scotch curlers has landed at the Atlantic coast. Already the teams on local Beehangers are tilting.

Dr. and Mrs. MacDonald, of Hillcrest, are moving into Blairmore and will take up residence in his office in the Pouchenlock.

Mrs. H. Marquis, of Pincher Creek, was the guest over the holiday of her daughter here, Mrs. Lance Morgan.

Over two million bushels of grain have been shipped through Edmonton over the Vancouver route from the opening of the season until December 29th.

William Gibon, at one time superintendent of the federal experimental farm at Indian Head, Sask., has been named by the provincial department of agriculture as superintendent of the government farm at Oliver, near Edmonton.

The men of Cereal and district extended a hearty welcome to their retiring Union Bank manager, Mr. Jack. Mr. Jack is being succeeded at Cereal by Mr. E. O. Morrow, of Cowley, and after a return from a visit to Scotland, Mr. Jack takes the position of manager at Cowley.

Misses Gibon and Flinn left on Friday night for Lethbridge and Sundial. We understand that Miss Gibon has made application for the position on the local teaching staff, left vacant through the death of Miss McLaren. If her application is accepted here she will resign her present post.

On December the 30th, a delegation representing the Social Service Council of the province met the provincial government to present resolutions passed at the recent convention. Among the requests was one asking that all police forces be placed under one police commission to avoid overlapping.

The Men's Glee Club, of Coleman, will hold a concert on January the 17th in the opera house there. After the sample of their singing on Christmas and New Years, the people want to hear more of it. Mr. C. J. Ferguson, organist of Knox church, Lethbridge, and one of his leading sopranos, will feature the programme of the evening.

Mrs. Bob Fitzsimmons, wife of the former heavyweight champion of the world, is dying in poverty, after having spent over \$100,000 in aiding wayward girls and other "down-and-outs" in the great city of Chicago. At one time she pawned over \$80,000 worth of jewels that others in need might be relieved, and she gave up a fortune to preach the gospel of mercy, love and good cheer.

Chief Justice Harvey, who has been ill, shows signs of slight improvement.

After four days' illness, the Michel striking miners in around to work on Monday.

Mrs. A. E. McPhail, and baby are due this week end from a visit to Eastern Canada joints.

Rev. P. J. N. Cosman left Monday morning for Spokane, where he will spend several days.

The board of motion picture censors for Alberta has decided not to admit exhibition of Arbuckle pictures in the province.

Thirty-one of the thirty-seven liquor houses in British Columbia went out of business on December 31st, rather than pay the new \$10,000 license.

Bottle-keepers of New York, who are currency stuffed pockets and diamond-encrusted cravats, attract attention of bandits, are now surrounding themselves with corps of armed guards and move about in constant fear of assassins' guns.

Visitors to town should be astounded when they visit by finding every citizen so kind and so anxious to make their visit a pleasant one. They should go away saying that the hotels are splendid, the stores are splendid, and courtesy and comfort are to be found everywhere.

Gazing at a group of nine children gathered near a corner, an old lady called one of the title girls: "Are all these children your brothers and sisters?" "Yes, m'm," replied the youngster. "What is the largest one named?" she asked.

"Maxie, m'm."

"And what do you call the smallest one?"

"Minnie, m'm."

The district curling bonspiel is to be held at Cranbrook on Feb. 5th, and many local converts to the art are planning on assisting to entertain the great people of Cranbrook on that date. Already the men are mighty praying for permission to be absent from the home and fireside for just that little outing and no doubt hubbies will live faithful to their solemn pledge during their brief absence.

The authoritator at Edmonton have, it is rumored, a project on foot to make the Lethbridge sheriff successor to A. B. McDonald, recently retired, that is successor in name, the idea being to have the office administered from Lethbridge. What do the people of the town and district think of this plan? Macleod is now a subdistrict of Clarendon so far as the A. P. P. are concerned, God pity Macleod—MacLeod Times.

Three years ago the city of Fernie had an overdraft current account of some \$34,000 and was keeping five horses at a cost of about a thousand dollars a year, all of them of the full age of twenty-one years. The city had not a wagon safe to hitch on to, no tools, implements, etc., with which to do work. Since then the city has purchased a team of horses, an up-to-date dump wagon, a fire truck (\$8500), two high-class work trucks (\$4000 each), an electric motor to operate a rock crusher, a concrete mixer, a power-driven pump, no end of tools and a \$2500 storehouse.

Additionals costing over six thousand dollars have been made to the electric light system and a portion of the waterworks main has been replaced at a cost of eight thousand dollars. All the above and many other improvements have been paid for and to day, instead of an overdraft of \$34,000, the city of Fernie has a credit balance of something like \$65,000. This constitutes a remarkable record and reflects credit upon splendid civic administration.

## Saturday Specials
